

**LEAK DETECTION – I-ZONE KEY COMPONENTS**

**i-Zone 5**

- Monitor up to 5 detectors
- Battery back-up internal
- Volt-free contact
- Mild steel construction IP54
- Powder coated RAL 7035

Code: 6019

**i-Zone 10/25**

- Monitor between 5-25 detectors
- Battery back-up internal
- Volt-free contact
- Mild steel construction IP54
- Powder coated RAL 7035

Code:  
 10 Zone: 6020  
 15 Zone: 6021  
 20 Zone: 6022  
 25 Zone: 6023

**Detectors**

**STDi-24**  
Point of use Detector.  
Code: 6026

**OFDi-24**  
Overflow Detector.  
Code: 6030

**CDBi-24**  
Zone Module.  
Code: 6027

**RGI-xx-24**  
Refrigerant Leak Detector.  
Code: 6031

**IRDi-24**  
Point of use Infra Red Detector.  
Code: 6029

**TDi-24**  
2 Stage Temperature Detector.  
Code: 6032

**FLI-24**  
Float Detector.  
Code: 6028

**HDI-24**  
Humidity Detector.  
Code: 6033

**Remote Alarm Panels**

All are 12v powered by Main Control Panel and are complete with 97dB alarm. Specified Remote Alarm Panels can also be made to order to suit specific building interiors.

**RP-1** Single Channel Code: 6045  
**RP-2** Two Channel Code: 6046  
**RP-3** Three Channel Code: 6047

**CD-x Water Detecting Cables**

Detecting Cable complete with male/female connections.

**CD-1** 1 metre Code: 6004  
**CD-2** 2 metre Code: 6005  
**CD-5** 5 metre Code: 6006  
**CD-10** 10 metre Code: 6007

**iZ-EOL**  
End of Line Resistor Plug. Code: 6036

**CL/1-10 / CL/1-100**  
Floor Clips.  
Bag of 10. Code: 6015  
 Bag of 100. Code: 6016  
 Although clips are self-adhesive backed the use of a suitable adhesive/glue is recommended.

**WL/1-10 / WL/1-100**  
Warning Labels.  
Bag of 10. Code: 5719  
 Bag of 100. Code: 5720

**Optional Extras**

**iZ/FM-1**  
Semi-flush Mount Frame for Control Panels. Mild Steel finished in RAL 7035 Grey powder coat.  
Code: 6025

**PC-1**  
Protection Cover for Point of Use Detectors.  
Code: 6035

**SB-1**  
Stabilising Bar for Point of Use Detectors.  
Code: 6034
